

PAIA & POPI POLICY (“The Policy”)

This is **Randpark Club’s (“the Club”)** policy in terms of the Protection of Personal Information Act, No. 4 of 2013 (“POPIA”) and the Promotion of Access to Information Act, No. 2 of 2000 (“PAIA”) (“**the Policy**”)

This Policy applies to the business of the Club wherever it is conducted, it applies to its Members, paid staff, guests, volunteers and associates of the Club upon the premises of the Club and towards the Club’s general business, golf and Member management conduct.

A: PAIA Policy

1. PAIA is an act that was passed to give effect to the constitutional right, held by everyone in South African, of access to information which is held by the State or by another person (including the Club) and which is required for the exercise or protection of any right. Where a request is made in terms of PAIA, the body to which the request is made is obliged to give access to the requested information, except where the Act expressly provides that the information may or must not be released. It is important to note that PAIA recognises certain limitations to the right of access to information, including, but not exclusively, limitations aimed at the reasonable protection of privacy, commercial confidentiality, and effective, efficient, and good governance and in a manner which balances that right with any other rights, including such rights contained in the Bill of Rights in the Constitution.
2. One of the main requirements specified in PAIA is the compilation of an information manual that provides information on both the types and categories of records held by a private body. This Policy serves as the Club’s Information Manual. This Policy is compiled in accordance with Section 51 of PAIA and the Schedule to POPIA. It is intended to give a description of the records held by and on behalf of the Club, to outline the procedure to be followed and the fees payable when requesting access to any of these records in the exercise of the right of access to information, with a view of enabling requesters to obtain records which they are entitled to in a quick, easy,

and accessible manner. This Policy is available for public inspection at the physical address of the Club, free of charge.

3. The Club only keeps the Personal Information of the Member as defined in the POPIA Policy below. Members shall at all reasonable times have access to such data and retrieve it in full via:
 - (a) personal presentation of his/her RSA ID at the Club's Pro Shop; or
 - (b) via email to the Club Secretary, assuming that is the email held by the Club on record.

4. The Club shall within a reasonable time provide a Member with that Personal Information and shall charge no fee to provide it.

B: POPIA Policy

Note: POPIA compliance is still in its infancy. The procedures and guidelines in this Policy are drafted using the best available guidance from the Information Regulator as of 1 July, 2021 and hence this Policy is Version 1.0. The Club notes that it will amend this document should practices and procedures change in due course (amendments as provided for and approved by GolfRSA).

Introduction

1. POPIA is intended to balance two competing interests. These are:
 - (a) our individual constitutional rights to privacy (which requires our Personal Information to be protected); and
 - (b) the needs of our society to have access to and to process (work with) our Personal Information for legitimate purposes, including the purpose of doing business.

2. This Policy sets out the framework for our Clubs compliance with POPIA. Where reference is made to the "processing" of Personal Information, this will include any activity in which the information is worked with, from the time that the information is collected, up to the time that the information is destroyed, regardless of whether the information is worked with manually, or by automated systems.

Purpose

3. The purpose of this policy is to enable Club to:
 - (a) comply with the law in respect of the data it holds about individuals (known as Data Subjects in the POPIA);
 - (b) follow good reasonable commercial practice; &
 - (c) protect the Club's staff and other individuals.

Club Undertakings

4. The Club will always:
 - (a) comply with both the law and good practice;
 - (b) respect individuals' rights;
 - (c) be open and honest with individuals whose data is held; &
 - (d) provide training and support for staff who handle personal data, so that they can act confidently and consistently with regards to PAIA and POPIA.
5. POPIA aims to ensure that the legitimate concerns of individuals about the ways in which their data may be used are considered. In addition to being open and transparent, the Club will seek to give individuals as much choice as is possible and reasonable over what data is held and how it is used.
6. The Club undertakes to follow POPIA at all relevant times and to process Personal Information lawfully and reasonably, so as not to infringe unnecessarily on the privacy of our Members and the Club recognises that its first priority under the POPIA is to avoid causing harm to individuals. In the main this means:
 - (a) the Club undertakes to process information only for the purpose for which it is intended, to enable us to do our work, as agreed with our Members;
 - (b) keeping information securely in the right hands;
 - (c) retention of good quality information;
 - (d) whenever necessary, the Club shall obtain consent to process Personal Information;

- (e) where the Club does not seek consent, the processing of our Members Personal Information will be following a legal obligation placed upon us, or to protect a legitimate interest that requires protection;
 - (f) the Club shall stop processing Personal Information if the required consent is withdrawn, or if a legitimate objection is raised;
 - (g) the Club shall retain records of the Personal Information the Club has collected for the minimum period as required by law unless the Member has furnished their consent or instructed us to retain the records for a longer period;
 - (h) the Club shall destroy or delete records of the Personal Information (so as to de-identify the Member) as soon as reasonably possible after the time period for which the Club uses said data (please note that GolfRSA keeps Member's information after they have left the Club in case they should re-join or move to another club, this is kept on the national handicaps system to which the Club is affiliated and as approved by GolfRSA and is fully POPIA compliant, for a maximum of 3 years);
 - (i) the Club undertakes to ensure that the Personal Information which the Club collects and processes is complete, accurate and not misleading and up to date;
 - (j) the Club undertakes to retain the physical file and the electronic data related to the processing of the Personal Information; &
 - (k) the Club undertakes to take special care with our Member's bank account details and the Club is not entitled disclose or procure the disclosure of such banking details to any third party, save for the Club's bank and the Member's bank, purely for purposes of executing a debit order.

- (a) the information is of public record;
 - (b) the Member has consented to the collection of their Personal Information from another source;
 - (c) the collection of the information from another source does not prejudice the Member;
 - (d) the information to be collected is necessary for the maintenance of law and order or national security;

- (e) the information is being collected to comply with a legal obligation, including an obligation to SARS;
 - (f) the information collected is required for the conduct of proceedings in any court or tribunal, where these proceedings have commenced or are reasonably contemplated;
 - (g) the information is required to maintain our legitimate interests; or
 - (h) where requesting consent is not reasonably practical in the circumstances.
8. The Club shall restrict the processing of Personal Information:
- (a) where the accuracy of the information is contested, for a period sufficient to enable us to verify the accuracy of the information;
 - (b) where the purpose for which the Personal Information was collected has been achieved and where the Personal Information is being retained only for the purposes of proof; or
